

## Theme Kit Policy

Theme kits may be checked out to adults (18 or over) who work with young children in an educational setting. The checkout time is 3 weeks. The kits must be returned during library hours; they may NOT be placed in the drop box. A list of items contained in each kit can be found in the kit bag. The librarian will check the list when the bag goes out and again when it is returned. Patrons will be charged the replacement cost of the missing items.

The kit items should stay with the patron who checks out the kit. Pieces should not be separated and allowed to go home with individual children.
